PROBATION

COMMENTS

The Probation Department screens juvenile referrals from law enforcement, schools, social services, and self or parent referrals. Initial determination is made whether there is evidence to substantiate that the minor is within the jurisdiction of the Juvenile Court; then it is determined whether a court hearing is necessary or whether a lesser action is warranted. When appropriate, juvenile matters are diverted from the formal actions of Court. If it is determined the matter is appropriate for formal action, social investigations, including recommendations for dispositions of juvenile offenders, are conducted for the Superior Court. Throughout the entire process, the need for detention or continued detention is determined.

The department supervises juveniles placed on probation by the Court. Most continue to remain in the physical custody of their parent(s); though occasionally, they are placed in relatives' homes, foster homes, or other residential care facilities by the Court. The department is still responsible for supervision even when an out-of-home placement is ordered. If the offender violates probation or commits a new crime, probation is charged with the responsibility of bringing it to the Court's attention.

The Probation Department's role in adult criminal matters begins much further along the timeline of the criminal justice system. The department steps in once the offender has been convicted of a crime. The criminal matter is referred to the department for a pre-sentence report and recommendation which is considered by the Court at the time of sentencing. If the offender is placed on probation by the Court, the department will supervise the offender, ensuring compliance with the conditions of supervised release.

Other departmental and program budgets which are also the responsibility of the Probation Department include Juvenile Hall/Boot Camp, Department of Juvenile Justice Proud Parenting Program, SB 678, AB 109, CCP Planning, and CCP Training. The Probation Department has also been directly involved in the development of programs to reduce the number of people placed in the Jail and Juvenile Hall facilities. These programs are as follows:

JUVENILES

- **House Arrest/Electronic Monitoring** - The Court is given the alternative of releasing these minors under house arrest prior to disposition of the case. Furthermore, minors may be released into house arrest as conditions of their sentence or in-lieu of confinement, if they qualify.
- **Court Day School** - Any minor expelled from a school district must receive their education from a Community School under the auspices of the Superintendent of Schools. The typical student in a Community School is dysfunctional in the classroom and not normally willing to accept authority. The school is located on County property next to the Juvenile Hall. The Probation Department assigns one Deputy Probation Officer to be on-site as an authority figure, as well as to interact with the students, parents, and staff. Minors, who would otherwise be sentenced to Juvenile Hall for truancies and non-violent offenses, are committed to the Court Day School and placed on electronic monitoring-house arrest for a period of 180 days.

COMMENTS (continued)

JUVENILES (continued)

- **Intensive Supervision Group Home Alternative** - This Program began in October 1986, and was established to control the increasing costs for camp placements. Group Home placements are now restricted to facilities which are of a private, non-profit nature and eligible for welfare funding. There have been as many as 60 juveniles in this Program; however, with new, local alternatives, averages range from 15-20 juveniles.

ADULTS

- **Work Furlough Parole Program** - Work Furloughees are released from custody to continue their employment; however, they are required to remain home during non-working hours. The program will continue to be managed by the Department; however, all of the direct services will be provided by Behavioral Interventions (BI) Incorporated, a contracted vendor. The Board of Supervisors approved this contract in March 2006.
- **County Parole Program** - Almost all persons who are sentenced to local jail time are eligible for parole consideration. The Department of Corrections supervises the parole; however, the Probation Department will use Probation staff to supervise any person in this Program who is under house-arrest.
- **Day-Reporting Center Program (DRC)** - This program began in 2010, and is provided by Behavioral Interventions (BI) Incorporated. It is designed to divert probationers in violation of their conditional release away from Court and into a Day Reporting Center (DRC). The program is a one-stop community center for supporting supervision and treatment of county-level offenders. At these centers, offenders report regularly for drug and alcohol screening, receive intensive case management, treatment, and training. These programs break entrenched criminal behavior with evidence-based practices. Typical participants include offenders who have a history of drug and alcohol problems, as well as low-risk technical probation violators.
