NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the **MD 40 – Meadow Ridge Road / Sunset Ridge** (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

A. Reporting Entity

The District is located three miles south of Coarsegold and is accessed west from State Highway 41.

MD 40 (Meadow Ridge Road) provides road maintenance to approximately 84 parcels served by 3.61 miles of paved roads and 0.03 miles of unpaved roads. MD 40 was formed on November 21, 1989 by Resolution No. 89-255 and is approximately 142 acres in size. When the District was formed, a direct assessment of \$100 per parcel per year for road maintenance was set on November 13, 1990 by Resolution No. 90-290.

MD 40 Zone A (Sunset Ridge) provides water service for a small residential development. MD 40 Zone A was formed on November 27, 1990 by Resolution No. 90-312. The Sunset Ridge water system serves 27 improved units and 4 standby units. The system consists of 3 wells with a combined production of 90 gallons per minute, 2 storage tanks with a combined capacity of 12,000 gallon and hydro-pneumatic tanks. The system is gravity fed from the storage tanks and comprised of 450 feet of 3 inch and 8,900 feet of 2 inch PVC pipe. There are consumer water meters, but no fire hydrants. The water rates are billed monthly and were last set in 1995. The current monthly rates are set at a flat rate of \$38.33 per improved connection and \$30 per standby connection.

The Board of Supervisors is the governing body of the District. The District is considered a blended component unit of the County of Madera and is reported as a special revenue fund in the County of Madera financial statements. The financial statements included in this report are intended to present the financial position and results of operations of only the District. They are not intended to present the financial position or results of operations of the County of Madera taken as a whole.

B. Basis of Presentation and Method of Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. The District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Financial Statements

The government-wide financial statements include a Statement of Net Position and a Statement of Activities. These financial statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all the District's assets and liabilities, including capital assets, as well as infrastructure assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. An economic resource focus concentrates on an entity's net position. All transactions and events that affect the total economic resources (net position) during the period are reported. An economic resources measurement focus is inextricably connected with full accrual accounting. Under the full accrual basis of accounting, revenues are recognized in the period which they are earned, while expenses are recognized in the period in which the liability is incurred.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation and Method of Accounting (Continued)

Government-Wide Financial Statements (Continued)

Certain types of transactions are reported as program revenue for the District in the charges for services category.

Fund Financial Statements

The fund financial statements provide information about the District's funds, separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as non-major funds.

The District reports the following major governmental funds:

• The MD 40 – Road Maintenance fund is used to account for all financial resources of the District relating to the maintenance of the paved and unpaved roads within the District.

The District reports the following major proprietary funds:

• The MD 40 Zone A – Water Operations & Maintenance fund is used to account for all financial resources of the District relating to water services provided to the residential development of the District.

Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Change in Fund Balance. An accompanying schedule is presented to reconcile and explain the differences in fund balance as presented in these statements to the net position presented in the government-wide financial statements.

Governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheet. The Statement of Revenues, Expenditures and Change in Fund Balance presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual of accounting, revenues are recognized in the accounting period in which they become both measureable and available to finance expenditures of the current period.

Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded in the accounting period in which the liability is incurred.

Unavailable revenues arise when potential revenues do not meet both the "measureable" and "available" criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met or when the government has a legal claim to the resources, the unavailable revenue is removed from the Balance Sheet and revenue is recognized.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation and Method of Accounting (Continued)

Governmental Fund Financial Statements (Continued)

The District's revenues consist of assessments and revenue from use of money and property. Program expenses are defined as those expenses directly related to providing road maintenance services.

Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, reconciliation is necessary to explain the adjustments needed to transform the fund-based financial statements into the government-wide presentation.

Proprietary Fund Financial Statements

Proprietary fund financial statements include a Statement of Net Position and a Statement of Revenues, Expenses, and Changes in Net Position, and a Statement of Cash Flows.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. The principal operating revenues of the District are charges for services. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. Operating expenses for the District include the costs of sales and services, administrative expenses, and depreciation on capital assets. All other expenses are reported as non-operating expenses.

C. Cash and Investments

Cash and investments shown in the Statement of Net Position and in the Balance Sheet represent the District's share of the County of Madera's cash and investment pool. Interest earnings from this pool are transferred to the District on a quarterly basis based on the District's average daily balance. The County has an investment committee, which performs regulatory oversight for its pool as required by California Government Code Section 27134.

D. Receivables

Receivables consist of fees charged for water services, assessments, and interest from the County of Madera. Management believes its receivables to be fully collectible, and accordingly, no allowance for doubtful accounts is required.

E. Assessments

Secured and unsecured assessments are levied in July each year. Assessments become a lien against the property as of January 1 of each year. Secured assessments are payable in two installments which are due November 1 and February 1. Unsecured assessments are due on August 31. All assessments receivable are due from property owners within the District.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (such as roads and similar items), are reported in the Statement of Net Position. Capital assets are defined by the District as assets with a cost of more than \$5,000 for machinery and equipment and \$10,000 for the other categories of capital assets with an estimated useful life of more than one year. Capital assets are valued at historical cost or estimated historical cost if actual historical cost was not available. Donated assets are valued at their estimated fair market value on the date donated.

Depreciation is recorded on a straight-line basis over estimated useful lives of the assets as follows:

Depreciable Asset	Estimated Life
Infrastructure	20-50 years
Water Systems	15-65 years
Structures and Improvements	30-50 years
Equipment	3-20 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities, or extend useful lives are capitalized. Interest accrued during capital assets construction, if any, is capitalized as part of the asset cost.

G. Budget

The District's budget is prepared on the modified accrual basis of accounting consistent with GAAP. The proposed budget is the spending authority from July until budget hearings are held the end of August and the County of Madera Board of Supervisors formally adopts the budget in early September. Once approved, the Board of Supervisors may amend the legally adopted budget when unexpected modifications are required in estimated revenues and appropriations. Unencumbered appropriation for annual budgeted funds lapses at fiscal year-end.

Revenues are budgeted by source. Expenditures are budgeted by objects as follows: services and supplies, other charges, and capital outlay. This constitutes the legal level of control. Expenditures may not exceed appropriations for travel, transportation and education. Budget revisions between object levels, for travel, transportation, and education, or specific capital outlays are subject to final approval by Board of Supervisors. Revisions less than \$5,000 within the object levels (excluding transportation, travel & education and specific capital outlays) can be approved by the County Administrative Officer.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Net Position and Fund Balances

Government-Wide Financial Statements

In the government-wide financial statements, net position is classified in the following:

- Net investment in capital assets This category groups all capital assets, including infrastructure, into
 one component of net position. Accumulated depreciation and the outstanding balances of debt that
 are attributable to the acquisition, construction or improvement of these assets reduce the balance in
 this category.
- Restricted This category presents external restrictions imposed by creditors, grantors, contributors
 or laws or regulations of other governments and restrictions imposed by law through constitutional
 provisions or enabling legislation.
- Unrestricted This category represents all other net position of the District, that do not meet the
 definition of "net investment in capital assets" or "restricted net position."

Fund Financial Statements

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in governmental fund financial statements are as follows:

- Nonspendable Fund Balance includes amounts that are not in a spendable form (such as inventories or prepaid amounts, and long-term loans and notes receivable) or are legally or contractually required to be maintained intact (such as principal of a permanent fund).
- Restricted Fund Balance includes amounts that can be spent only for specific purposes stipulated by external parties (such as creditor, grant providers, or contributors) or by law.
- Committed Fund Balance includes amounts that can be used only for the specific purpose
 determined by the County of Madera Board of Supervisors. Commitments may be changed or lifted
 only by the Board of Supervisors taking the same formal action. The formal action must occur prior to
 the end of the reporting period. The amount which will be subject to the constraint may be
 determined in the subsequent period.
- Assigned Fund Balance is comprised of amounts intended to be used by the governmental entity
 for specific purposes that are neither restricted nor committed. Intent can be expressed by the Board
 of Supervisors or by an official or body to which the Board delegates the authority. Assigned fund
 balance can be used to eliminate a projected budgetary deficit in the subsequent year's budget.
- Unassigned Fund Balance is the residual classification for the District and includes all amounts not contained in the other classification. Unassigned amounts are technically available for any purposes.

The Board of Supervisor establishes, modifies or rescinds fund balance commitments and assignments by passage of a resolution or an ordinance. This can be done through the adoption of the budget and subsequent budget amendments that occur throughout the year.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by committed, assigned and unassigned resources as they are needed.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2: CASH AND INVESTMENTS

Cash and investments at June 30, 2019 are classified in the financial statements as follows:

Cash and investments – unrestricted \$82,407

The District's cash and investments consisted of the following as of June 30, 2019:

Deposits held with County of Madera Investment Pool \$82,407

Risk Disclosure

Required disclosures for the District's deposit and investment risks for the cash held in the County of Madera Treasury at June 30, 2019, were as follows:

Credit risk
Custodial risk
Concentration of credit risk
Interest rate risk

Not rated Not applicable Not applicable Refer to County of Madera's financial statements

Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County of Madera's Comprehensive Annual Financial Report and may be obtained by contacting the County Auditor-Controller's Office at 200 W. 4th Street – Madera, CA 93637.

Fair Value Measurements

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Investments reflect prices quoted in active markets;
- Level 2: Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active; and,
- Level 3: Investments reflect prices based upon unobservable sources.

The District's cash investments in the County of Madera Investment Pool are carried at fair value. County of Madera invests in numerous types of investments ranging all levels in the fair value hierarchy. Accordingly, County of Madera Investment Pool is not an investment type that can be categorized in any particular level in the fair value hierarchy.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

Depreciation expense of \$2,537 was charged to the water function of the business-type activities.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 4: RELATED PARTY TRANSACTIONS

The District's assessments are levied and collected through County of Madera Assessor and Treasurer-Tax Collector departments. The District contracts with the County of Madera to provide certain services to the District. The District's accounting and clerical functions are performed by County personnel. County of Madera charges the District for administrative costs incurred.

The amount due to the County of Madera as of June 30, 2019 is \$6,547.

NOTE 5: ADVANCE FROM COUNTY OF MADERA

The following is a summary of advance from County of Madera for the year-ended June 30, 2019:

	Balance July 1, 2018		Additions		Deletions		Balance June 30, 2019		Due Within One Year	
Advance from County of Madera - FY11/12 to FY14/15	\$	20.535	\$	_	\$	_	\$	20,535	\$	_
Advance from County of Madera - FY15/16	•	15,000	•	-	,	-	*	15,000	Ť	-
Advance from County of Madera - FY16/17		11,000		-		-		11,000		-
Advance from County of Madera - FY17/18		30,000		-		-		30,000		-
Advance from County of Madera - FY18/19		-		29,000	_	-		29,000	_	<u> </u>
Total	\$	76,535	\$	29,000	\$	-	\$	105,535	\$	

The District has been advanced funds from the County in the amount of \$20,535. The advance is unsecured, noninterest bearing, and is due on demand. The County does not anticipate demanding repayment in the next fiscal year; therefore, the balance has been shown as a noncurrent liability on the statement of net position.

The District obtained a \$15,000 loan from the County of Madera on June 26, 2016 and another \$11,000 loan on June 20, 2017 to help fund the District's operations. The loan is to be repaid with interest at the County of Madera treasury pool rate plus 50 basis points as soon as funds are available from the District. Interest will be accrued on the unpaid principal balance until the loan is paid in full.

The District had obtained a \$30,000 loan from the County of Madera on June 29, 2018 to help fund the District's operation. The loan is to be repaid with interest at the County of Madera treasury pool rate plus 50 basis points as soon as funds are available from the District. Interest will be accrued on the unpaid principal balance until loan is paid in full.

The District had obtained a \$29,000 loan from the County of Madera on June 20, 2019 to help fund the District's operation. The loan is to be repaid with interest at the County of Madera treasury pool rate plus 50 basis points as soon as funds are available from the District. Interest will be accrued on the unpaid principal balance until loan is paid in full.

The District intends to pay back these advances through future cash flow at the current established rate, however, future rate increases may be necessary in order to fulfill the obligation.

NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 6: INSURANCE AND RISK OF LOSS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; and natural disasters. Because the District does not have employees, it is not exposed to injuries to employees. The District's officers are officials of the County, and therefore coverage for general liability and errors and omissions is provided under the County's program. This program is self-insured to a level of \$100,000, after which excess coverage is obtained through participation in the CSAC Excess Insurance Authority (EIA). Disclosure of complete information on risk management can be found in the County of Madera Comprehensive Annual Financial Report.

NOTE 7: SUBSEQUENT EVENT

The Board of Supervisors of the District adopted Resolution 2019-143 on September 10, 2019 to increase the water service rates within the District. The increase in rates are necessary because the current rates are insufficient to pay ongoing expenses of operating the water system and the long-term replacement costs. The new water service rates are effective October 1, 2019. The new rates are as follows:

	<u>F`</u>	<u>/18/19</u>	<u>F</u>	Y19/20	<u>F</u>	Y20/21	<u>F</u>	Y21/22	<u>F</u>	Y22/23	<u>F</u>	Y23/24
Monthly Fixed O&M Rate	\$	38 33	\$	132 24	\$	152 08	\$	159 69	\$	167 68	\$	176 07
