

Your community, your needs

We're here to help you manage your healthcare.

Managing your healthcare can be overwhelming. As your health plan, Anthem has a team of community health workers to connect you with available resources in your community. We can help you overcome challenges to take care of your health.

A community health worker is your personal health advocate and can help you:

- Understand your health benefits 
- Find or change your primary care physician (PCP)
- Schedule medical visits
- Talk to your healthcare team
- Find transportation to approved medical services 
- Refer you to providers when you need specialty care for ongoing concerns
- Get the answers you need

Community health workers also can connect you to community resources like:

- Food
- Housing 
- Financial aid
- Legal aid
- Transportation
- Jobs 
- Education

To request a community health worker at no charge to you, please call the Special Program Line at 833-884-0385.
