Madera County Department of Public Health's Mobile Vans Debut Second Postponement

Madera, CA- Madera County Department of Public Health (MCDPH) regrets to inform the public that the debut of its new mobile health vans has been postponed due to weather conditions. Originally scheduled for **Tuesday, March 21**, the debut has been rescheduled to **Tuesday, April 4 at 10 a.m.** at the Madera County Government Center, 200 W. 4th St. in the Board Chambers.

A mobile health van will be outside the Government Center on April 4 from 9-11 a.m. providing wellness checks to the public. The public also has an opportunity to catch the mobile vans in action on Friday, March 24 from 9:30 a.m. to 12:30 p.m. at La Vina Market, 24117 Ave. 9.

The vans are designed to bring healthcare services directly to the community. They are equipped with medical supplies and staffed by trained healthcare professionals who provide a variety of services, including vaccinations, health screenings, and education on health-related topics.

MCDPH recognizes the importance of the mobile vans to the community and apologizes for any inconvenience this postponement may cause. We would like to thank the community for their patience and understanding as we work with the weather to make sure the mobile vans are ready to provide the best possible care to our residents.

We encourage everyone to stay tuned for further updates and look forward to seeing you on April 4. For more information about the Mobile Health Team, to request services or reserve a van for your wellness event, or to find a list of event locations, visit us at maderacounty.com/mobilehealth.
