RE: Fiscal Year 2023-24 Special Districts Road Budgets

Attached to this memo are the proposed 2023-24 budgets for special districts prepared by Madera County Public Works Department.

“Special Districts” operate as enterprise funds that should not be supplemented by the General Fund. The costs to administer these funds are derived from the revenue generated by each of the districts, generally through annual assessments.

The Department currently oversees 118 special districts established to provide for road maintenance services. Of these, there are 99 Maintenance Districts (MDs), 18 County Service Areas (CSAs), and 1 Assessment District (AD). The 2023-24 proposed fiscal budgets are intended to provide the level of service to each district in accordance with their individual needs for road maintenance and repairs.

General maintenance procedures include but are not limited to pothole patching, brush cutting, weed abatement, trash clean up, tree and rock removal, crack sealing, culvert cleaning/repair or replacement, unpaved road grading, chip sealing, fog sealing, road resurfacing, dust control, bridge repairs, road damages, snow removal, road sanding, shoulder restoration, flood control, emergency call outs, sign replacement, graffiti removal and road striping.

Since the passage of Measure T, the Department has been able to supplement district funds with Measure T to complete projects, increasing the level of service provided. For fiscal year 2023-24, we expect to continue and/or exceed the level of service historically provided to the districts.

Description of Expenditure Accounts

The following expenditure accounts and their descriptions are typical accounts used in special districts operational budgets

Account	Description
720600	Insurance Expense: Reflects the Districts share of the costs associated with the County's self-insured liability program
720906	Maintenance of Roads: General maintenance & repairs of the existing road systems
721400	Professional & Specialized Services
721403	Audit & Accounting Services
721427	Property Tax Administration Fee: For Tax Collector/Assessor services
721498	Special Districts Administrative Overhead
780100	Appropriation for Contingency

Maintenance District 1 – Hidden Lake Estates

2023-2024 Recommended Road Maintenance Budget

Maintenance District 1 is located in Madera County Supervisorial District 5 on Millerton Lake’s North Shore and accessed south and east from County Road 216. The District serves 231 parcels and includes 3.82 miles of paved roads, and 0.85 miles of unpaved roads.

Hidden Lake Estates was formed on August 13, 1963 by Resolution No. 63-338 and is approximately 166 acres in size. When the District was formed there was no direct assessment set for road maintenance. The roads were not constructed to County standards and therefore not accepted into the County’s maintained mileage system. The only road in Hidden Lake Estates that is maintained by Madera County is Hidden Lakes Boulevard (County Road 216).

In 1999 the property owners were offered to assess themselves \$100.00 per parcel, per year for road maintenance which was rejected by the majority. This District is pre-Proposition 13 funded by a percentage of the property taxes and included in the MD-1 Water budget.

Maintenance District 5 – Mountain Ranches

2023-2024 Recommended Road Maintenance Budget

Maintenance District 5 is located in Madera County Supervisorial District 5, eighteen miles northeast of Madera and accessed from County Road 400. The District contains 50 parcels served by 0.63 miles of paved roads.

Mountain Ranches was formed on November 27, 1962 by Resolution No. 62-395 and is approximately 80 acres in size. When the District was formed there was no direct assessment set for road maintenance. These roads are minor rural County roads which are included in the County’s maintained road system. County Road 400 (River Road) was specifically omitted from the District maintenance. This District is pre-Proposition 13 funded by a percentage of the property taxes and included in the MD-5 Water budget.

Maintenance District 6 – Lake Shore Park

2023-2024 Recommended Road Maintenance Budget

Maintenance District 6 is located in Madera County Supervisorial District 5 along Bass Lake’s northeast shore and is accessed south from County Road 274. The District has approximately 40 parcels with 0.35 miles of paved roads.

Lake Shore Park was formed on February 26, 1963 by Resolution No. 63-109 and is approximately 7 acres in size. When the District was formed there was no direct assessment set for road maintenance. This area receives a portion of the property tax to assist in road maintenance. These roads are minor rural County roads which are included in the County’s maintained road system. This District is pre-Proposition 13 funded by a percentage of the property taxes received by the District and included in the MD-6 Water and Sewer budget.

Maintenance District 7 – Marina View

2023-2024 Recommended Road Maintenance Budget

Maintenance District 7 is located in Madera County Supervisorial District 5 along Bass Lake’s northeast shore and is accessed east from County Road 274. The District has approximately 94 parcels with 0.68 miles of paved roads.

Marina View was formed on June 25, 1963 by Resolution No. 63-286 and is approximately 35 acres in size. When the District was formed there was no direct assessment set for road maintenance. This area receives a portion of property tax to assist in road maintenance. These roads are minor rural County roads which are included in the County’s maintained road system. This District is pre-Proposition 13 funded by a percentage of the property taxes received by the district and included in the MD-7 Water and Sewer budget.

Maintenance District 8B – North Fork / Amber Lane

2023-2024 Recommended Road Maintenance Budget

Maintenance District 8-B is located in Madera County Supervisorial District 5 in the town of North Fork and accessed north from County Road 225. The District contains 7 parcels served by 0.36 miles of paved roads with curb and gutter.

North Fork zone “B”, Amber Lane was formed On June 27, 1995 By Resolution 95-163 and is approximately 7 acres in size. “B” is for the zone of benefit within County Maintenance District 8-A (water and sewer district). The creation of Zone “B” allowed for lands to be divided and other services to be provided other than sewer and water, such as roads and the maintenance of said roads. A direct assessment of \$100 per parcel, per year was set for road maintenance during the formation. These are non-County roads and are not included in the County’s maintained road system.

Maintenance District 13 – Lake Madera Country Estates

2023-2024 Recommended Road Maintenance Budget

Maintenance District 13 is located in Madera County Supervisorial District 5, approximately eight miles northeast of Madera, and accessed south from Avenue 21. The District serves about 497 parcels with 14.30 miles of paved roads.

Lake Madera Country Estates was formed on July 7, 1964 By Resolution No. 64-299 and is approximately 1,141 acres in size. When the District was formed there was no direct assessment set for road maintenance. This District is pre-Proposition 13 and receives a portion of property taxes to assist in road maintenance. These roads are minor rural County roads which are included in the County's maintained road system.

Maintenance District 20 – Hidden Oaks Estates

2023-2024 Recommended Road Maintenance Budget

Maintenance District 20 is located in Madera County Supervisorial District 5 in the town of Oakhurst and accessed east from State Highway 41 by way of Royal Oaks Drive and Pine Ridge Way. The District has approximately 45 parcels which includes 0.83 miles of paved roads.

Hidden Oaks Estates was formed on September 14, 1965 by Resolution 65-241 and is approximately 60 acres in size. When the District was formed there was no direct assessment set for road maintenance. This District is pre-Proposition 13 and receives a portion of property taxes to assist in road maintenance. These roads are minor rural County roads included in the County's maintained road system.

Maintenance District 21 – Madera Acres, Estates, Knolls, Highlands and Country Club

2023-2024 Recommended Road Maintenance Budget

Maintenance District 21 is located in Madera County Supervisorial District 2, one mile north of the City of Madera and accessed from Road 26 and west from Road 27. The District serves approximately 2,892 parcels with 61.13 miles of paved roads.

MD-21 was formed November 23, 1965 by Resolution No. 65-310 and is approximately 2,780 acres in size. This Resolution combined five smaller districts that were contiguous to each other in an effort to create a larger tax base to provide citizens improved public services. It was declared that the cost of operating and maintaining the associated improvements shall be assessed upon the real property lying within the boundaries of the District. However, an assessment for road maintenance was never created to establish this funding mechanism. This District is pre-Proposition 13 and receives a portion of property taxes to assist in road maintenance. These roads are minor rural County roads which are included in the County's maintained road system.

Maintenance District 30 – Trabuco Road

2023-2024 Recommended Road Maintenance Budget

Maintenance District 30 is located in Madera County Supervisorial District 5, two miles west of Coarsegold and accessed from County Road 415. The District has approximately 266 parcels with 11.24 miles of paved road, 0.11 miles of chip sealed road, and 2.04 miles of unpaved roads.

Trabuco Road was formed on March 26, 1974 by Resolution 74-177 and is approximately 2,348 acres in size. After the District was formed there was a direct assessment of \$100.00 per parcel, per year for road maintenance approved on August 19, 1997 by Resolution 97-203. In addition, this District is pre-Proposition 13 and receives a portion of property taxes to assist in road maintenance. These roads are designated minor rural County roads which are included in the County's maintained road system. To date the District has a Road Maintenance Committee that monitors their budget prepared by the County and oversees all maintenance activities.

Maintenance District 31 – Deer Run

2023-2024 Recommended Road Maintenance Budget

Maintenance District 31 is located in Madera County Supervisorial District 5, six miles north of Oakhurst and is accessed east from State Highway 41 by way of Cedar Valley Drive. The District has approximately 16 parcels with 0.92 miles of paved roads.

Deer Run was formed on August 17, 1976 by Resolution 76-391 and is approximately 39 acres in size. When the District was formed there was no direct assessment set for road maintenance. This area receives a portion of property tax to assist in road maintenance. These roads are minor rural County roads which are included in the County's maintained road system. These are pre-Prop. 13 funded by property taxes received by the district.

Maintenance District 32 – West Road

2023-2024 Recommended Road Maintenance Budget

Maintenance District 32 is located in Madera County Supervisorial District 5, two miles east of Oakhurst and accessed north from Road 426 on John West road. The District serves approximately 159 parcels with 8.21 miles of paved roads and 0.20 miles of unpaved/un-named roads. These roads were constructed as all weather roads. A special arrangement was made between the Board of Supervisors and Bass Lake Associates in 1977 which allowed the property to be divided and sold before the roads were paved.

West Road was formed on March 01, 1977 by Resolution No. 77-136 and is approximately 297 acres in size. When the District was formed there was no direct assessment set for road maintenance. Resolution 81-395 set a \$225.00 per acre fee on parcel divisions. Later, a direct assessment of \$100.00 per parcel, per year for road maintenance was approved July 2, 1985 by Resolution No. 85-274. Fair Oaks Drive, Fair Oaks Place and Fair Oaks Court are considered minor rural County roads included in the County's maintained road system and also funded by MD-32 for road maintenance. All other roads in MD-32 are non-county roads and not included in the County's maintained road system.

MD-32 Zone A was formed on August 19, 1997 by Resolution 97-202 where a direct annual assessment of \$200.00 per parcel was approved. Additionally, the parcels in this zone of benefit pay the \$100 annual maintenance assessment for the benefit of the MD-32 roads (as they use MD-32 roads to access their parcels). These are non-County roads and not included in the County's maintained mileage system.

Maintenance District 38 – Maples Lane

2023-2024 Recommended Road Maintenance Budget

Maintenance District 38 is located in Madera County Supervisorial District 5, three miles northeast of Oakhurst and is accessed north from County Road 222. The District has 13 parcels with 0.46 miles of paved roads and 0.06 miles of unpaved road.

Maples Lane was formed on July 22, 1986 by Resolution 86-249 and is approximately 33 acres in size. A direct assessment of \$100.00 per parcel, per year for road maintenance was approved. On November 09, 2004, Resolution 2004-304 increased the 2005–2006 assessment roll for road maintenance to \$228.00 for each improved and unimproved parcel within MD-38, every year thereafter this amount will be adjusted to reflect the inflation impact based on the Engineering News Record Construction Cost Index using the twenty city average. These are non County roads and not included in the County’s maintained road system.

Maintenance District 48 – Thornberry Estates

2023-2024 Recommended Road Maintenance Budget

Maintenance District 48 is located in Madera County Supervisorial District 5, three and one half miles southeast of the town of Oakhurst and accessed from County Road 420. The District has approximately 32 parcels with 0.81 miles of paved roads and 0.82 miles of unpaved roads.

Thornberry Estates was formed on May 14, 1991 by Resolution 91-162 and is approximately 315.34 acres in size. When the District was formed a direct assessment of \$100.00 per parcel, per year for road maintenance was approved. On June 14, 2005 by resolution 2005-132 the assessments were increased for road maintenance to \$200.00 for each parcel within the District. Every year thereafter this amount will be adjusted to reflect the inflation impact based on the Engineering News Record Construction Cost index using the twenty city average. These are non County roads which are not included in the County’s maintained road system.

Maintenance District 57 – Adobe

2023-2024 Recommended Road Maintenance Budget

Maintenance District 57 is located in Madera County Supervisorial District 1, four miles southeast of Madera Ranchos and accessed north from Avenue 10. The District has approximately 18 parcels with 0.52 miles of paved road including curb and gutter.

Adobe was formed on March 17, 1992 by Resolution 92–91 and is approximately 44 acres in size. When the District was formed a direct assessment of \$100.00 per parcel, per year for road maintenance was approved. This area is a commercial business district. These are non County roads which are not included in the County’s maintained road system.

Maintenance District 58 – Sierra Highlands

2023-2024 Recommended Road Maintenance Budget

Maintenance District 58 is located in Madera County Supervisorial District 5, four miles northwest of North Fork and accessed south from County Road 223. The District serves 29 parcels with 1.19 miles of paved road and 2.50 miles of unpaved roads.

Sierra Highlands was formed on November 19, 1991 by Resolution 91-345 and is approximately 439 acres in size. When the District was formed a direct assessment of \$100 per parcel, per year for road maintenance was approved. On July 22, 2014 by Resolution 2014-112, the assessments were increased for road maintenance to \$300.00 for each parcel within the District. Every year thereafter this amount will be adjusted to reflect the inflation impact based on the Engineering News Record Construction Cost index using the twenty city average. These are non County roads and not included in the County’s maintained road system.

Maintenance District 115 – Roundhouse Hills

2023-2024 Recommended Road Maintenance Budget

Maintenance District 115 is located in Madera County Supervisorial District 5, one and one half miles northeast of Ahwahnee and accessed west from Round House Road (Road 628). The District contains 22 parcels with 0.94 miles of paved road and 0.14 miles of unpaved road.

Roundhouse Hills was formed on January 02, 2001 by Resolution 2001-014 and is approximately 116 acres in size. When the District was formed a direct assessment of \$355.00 per parcel, per year for road maintenance was approved. These are non County roads and not included in the County’s maintained road system.

Maintenance District 117 is located in Madera County Supervisorial District 5, one mile north of Millerton Lake and accessed north form Road 216, Hidden Lake Boulevard. The District contains 6 parcels with 2.25 miles of unpaved road.

Point Millerton North was formed on June 24, 2003 by Resolution 2003-201 and is approximately 947 acres in size. When the District was formed a direct assessment of \$218.00 per parcel, per year for road maintenance was approved for each parcel within MD-117. Each year thereafter this amount will be adjusted to reflect the inflation impact based on the Engineering News Record Construction Cost index using the twenty city average. These are non County roads and not included in the County's maintained road system.

Service Area 1 – Indian Lake Estates

2023-2024 Recommended Road Maintenance Budget

Service Area 1 is located in Madera County Supervisorial District 5, three and one half miles south of Coarsegold and accessed from County Road 417. The District serves approximately 504 parcels with 11.02 miles of paved roads.

Indian Lakes Estates was formed on June 14, 1966 by Resolution 66-168 and is approximately 684 acres in size. When the District was formed there was no direct assessment set for road maintenance. This area at one time received a portion of the property tax to assist in road maintenance; however in 1999-2000 fiscal years the District received approval from the Rural Utilities Services of the U.S.D.A. for loans and grants totaling \$912,240.00 to finance improvements to the water system. In order to receive this funding the County had to allocate all of the property tax revenue to the water operations. There are no appropriations for road maintenance to be budgeted. These roads are minor rural County roads which are included in the County's maintained road system.

Service Area 2B - Bass Lake / Wishon Cove

2023-2024 Recommended Road Maintenance Budget

Service Area 2-B is located in Madera County Supervisorial District 5 on the southwest shore of Bass Lake and accessed west from Road 222. The District serves 33 parcels with 0.70 miles of paved roads.

Bass Lake – Wishon Cove was formed on April 12, 1994 by Resolution 94-155 and is approximately 48 acres in size. When the District was formed a direct assessment of \$100.00 per parcel per year for road maintenance was approved. These are non County roads and not included in the County’s maintained system.

Service Area 5 – Eastside Acres / Villages Estates

2023-2024 Recommended Road Maintenance Budget

Service Area 5 is located in Madera County Supervisorial District 2, one mile east of the City of Firebaugh and accessed south from Avenue 7 ½. The District serves 83 parcels with 1.77 mile of paved roads (the majority of the road ways having concrete rolled-back type curb and gutter).

Eastside Acres – Village Estates was formed on February 11, 1980 by Resolution 80-97 and is approximately 51.19 acres in size. When the District was formed there was no direct assessment set for road maintenance. In 1999 the citizens of SA-5 were offered to assess themselves \$200.00 per parcel per year for road maintenance based on the times current cost for road repairs and maintenance by a certified engineer’s report. This was rejected by the majority of the home owners. If this assessment would have taken place, it would have generated \$16,600.00 per year to be ear marked specifically for road maintenance purposes.

This area does receive a percentage of property tax to provide road maintenance however; the majority of these funds are being directed to pay for the operations and maintenance of the street light system. These are minor rural County roads which are included in the County’s maintained road system. These are Pre-Prop. 13 funded by a percentage of the property taxes received by the district and included in the CSA-5 Sewer and Lighting Operations and Maintenance budget.

Service Area 6 – Still Meadow Ranch

2023-2024 Recommended Road Maintenance Budget

Service Area 6 is located in Madera County Supervisorial District 5, two miles south of Oakhurst and accessed east from Road 425-B by way of Stillmeadow Drive. The District serves 18 parcels with 0.62 miles of paved roads, the majority having asphalt type dikes.

Still Meadow Ranch was formed on November 03, 1981 by Resolution 81-622 and is approximately 62 acres in size. When the District was formed a direct assessment of \$50.00 per parcel, per year for road maintenance was approved. On January 6, 2003, an assessment of \$200.00 was approved (Resolution 2003-012), for road maintenance with an annual increase factor set according to construction costs derived from the Engineers News Record Construction Cost index using the twenty city average. These are minor rural County roads and included in the County’s maintained road system.

Service Area 9 – Hawkins Valley / Mudge Ranch

2023-2024 Recommended Road Maintenance Budget

Service Area 9 is located in Madera County Supervisorial District 5, three miles south of Oakhurst and accessed south from Road 420. The District has approximately 81 parcels with 3.30 miles of paved road and 0.28 miles of unpaved road.

Hawkins Valley, also known as Mudge Ranch was formed on February 24, 1981 by Resolution 81-121 and is approximately 363 acres in size. An assessment of \$100.00 per parcel, per year for road maintenance was approved on August 16, 1988 by ordinance number 473-W. On October 14, 2003, Madera County adopted contract number 7449-C-2003 for Camp Oakhurst to provide \$1,200.00 per year in contributions for the purpose of road maintenance within SA-9. These are non County roads which are not included in the County's maintained road system.

Following a request from the Homeowners' Committee to raise the assessment to allow for a higher level of service, the County engaged a consultant who performed an engineer report with a proposed annual assessment of \$278.00. In October 2018, the majority of property owners protested the new assessment by failing the Prop 218 ballot, and leaving the annual assessment at \$100.

Service Area 10 – Spinelli Road / Road 416

2023-2024 Recommended Road Maintenance Budget

Service Area 10 is located in Madera County Supervisorial District 5, four miles southwest of Coarsegold and accessed west from State Highway 41. The District contains 143 parcels with approximately 4.38 miles of paved roads and 1.92 miles of unpaved roads.

Spinelli Road was formed on March 16, 1982 by Resolution 82-153 and is approximately 1,728 acres in size. When the District was formed a direct assessment of \$150.00 per parcel, per year was approved. As a condition of Use Permit No. 88-13, APN: 054-174-025 was assessed \$3,683.33 (\$14.388 X 256 units) for use of an R.V. park. Spinelli Road (Road 416) is located within the District but is also included in the County's maintained system. The balance of roadways in SA-10, are non County roads and not included in the County's maintained road system.

Service Area 19 – Rolling Hills

2023-2024 Recommended Road Maintenance Budget

Service Area 19 is located in Madera County Supervisorial District 1, fifteen miles southeast of Madera and accessed north from Avenue 10 and west from Business Route 41. The District serves approximately 364 parcels with 5.30 miles of paved road and 0.95 miles of chip sealed road.

Rolling Hills was formed on September 11, 1984 by Resolution 84-408 and is approximately 311 acres in size. When the District was formed there was no direct assessment set for road maintenance. This area receives a percentage of property taxes to maintain their roads. These are minor rural County roads which are included in the County's maintained road system. These are pre-Proposition 13 funded by a percentage of the property taxes received by the district.

Service Area 22D – Riverstone

Service Area 22D is located in Madera County Supervisorial District 1, approximately 0.25 miles west of Highway 41 just south of Avenue 12. This is a phased development with properties continuing to be subdivided. The parcels in this new District are continually being developed as the property is being subdivided. The District is anticipated to grow by an average of 250 parcels annually.

Service Area 22D was formed on August 9, 2016 by Resolution 2016-226 and its boundaries consists of approximately 125.4 acres in size. When the District was formed a direct annual assessment of \$285.73 per single family detached residential unit, \$197.72 per multi-family and/or attached residential unit, and \$0.40 per square foot of building on commercial properties (non-residential land use). These assessments are adjusted annually for inflation and allocated for road maintenance, street lighting and landscape services.

Service Area 22E – Tesoro Viejo

Service Area 22E is located in Madera County Supervisorial District 5, approximately 2 miles north of Avenue 12 just east of Highway 41. This is a phased development with properties continuing to be subdivided. The parcels in this new District are continually being developed as the property is being subdivided. It is anticipated to have an average growth rate of 250 parcels annually.

The Board of Supervisors approved Resolution 2017-020 on February 7, 2017 which created Communities Facility District No. 2017-1 (Tesoro Viejo). The CFD levies Special Taxes (Services and Facilities) for the maintenance of the County owned infrastructure and for the common facilities within the District. The Services Special Tax funds such items as street lighting, road maintenance, landscape and trail maintenance.

Assessment District 89-1 – Bass Lake / Pines Tract

2023-2024 Recommended Road Maintenance Budget

Assessment District 89-1 is located in Madera County Supervisorial District 5 on the northeast shore of Bass Lake and accessed from Road 432. The District has approximately 561 parcels with 6.05 miles of paved road and 0.09 mile of unpaved road.

The Pines Tract at Bass Lake was formed on August 08, 1989 by Resolution 89-172 and is approximately 266.95 acres in size. The Board of Supervisors annually has levied a \$100.00 per parcel road maintenance assessment under the CA Streets and Highways Code 10100.8. This must be continued on or before June 30th of each year as part of the law under Streets and Highways Code. The roads were not constructed to County standards and therefore never accepted as County roads and not included in the County's maintained road system.
