In March 2022, Madera County and Fairmead Community and Friends hosted a community workshop to gather feedback from residents and property owners about community issues, assets, and opportunities. From this feedback, the County has prepared a Fairmead Community Action Plan that outlines specific actions that address existing community needs that are essential to the improvement of quality of life in Fairmead.

We need your input! The workshop will include an overview of the draft Action Plan and an opportunity for the public to discuss action programs with the Project Team and provide comments. Scan the QR code or visit the Madera County Planning Division webpage (www.maderacounty.gov).
