

VERIFICATION FORM

State of California Executive Order N-7-22 #9a.

9. To protect health, safety, and the environment during this drought emergency, a county, city, or other public agency shall not:

a. Approve a permit for a new groundwater well or for alteration of an existing well in a basin subject to the Sustainable Groundwater Management ACT and classified as medium- or high-priority without first obtaining written verification from a Groundwater Sustainability Agency managing the basin or area of the basin where the well is proposed to be located that groundwater extraction by the proposed well would not be inconsistent with any sustainable groundwater management program established in any applicable Groundwater Sustainability Plan adopted by that Groundwater Sustainability Agency and would not decrease the likelihood of achieving a sustainability goal for the basin covered by such a plan.

.....

I acknowledge the proposed Ag well is adhering to the State of California Executive Order N-7-22 item #9 a.

**Note:** This verification is based on the information provided by the applicant in connection with the proposed well. This verification is made upon information known to Chowchilla Water District GSA as of the date indicated below. The State Department of Water Resources has found the GSP to be deficient and Chowchilla Water District GSA is in the process of amending the GSP, which amendment may necessitate or cause changes to this verification.

Note: Provide a Site Map identifying location of proposed Ag well.
