DISCUSSION:

The 2011 Realignment allocation includes funds intended to pay for the provision of all Drug Medi-Cal (DMC) covered services to beneficiaries within their County. Madera County Department of Behavioral Health Services (MCDBHS) does not currently have access to provide all services covered by DMC. On February 8, 2018, the Department of Health Care Services (DHCS) released Mental Health and Substance Use Disorder Services (MHSUDS) Information Notice 18-009 informing all counties of their requirement to contract or arrange for DMC-covered services.

Addiction Research and Treatment provides outpatient Medication-Assisted Treatment (MAT). The staff is experienced and specially trained to provide DMC services. Their evidence-based treatment is supported by substance abuse counseling, case management, community resource referrals and other supportive services to help

patients reclaim their lives. Given these specific circumstances and the desire to continue contracting with Addiction Research and Treatment Inc., entering into this retroactive agreement is the best option available and the recommendation of the Department.

The requested amendment is to update Exhibit A of the agreement with the most current version of the DHCS DMC contract. All other terms and conditions of the agreement will remain in full force and effect.

During internal audit preparation, it was found agreement #23-30095 executed September 6, 2023, would be required to be part of subcontractor contracts verbatim. Efforts began to incorporate agreement language into each of MCDBHS' subcontractor contracts to comply with state requirements and reduce the likelihood of corrective actions.

FISCAL IMPACT:

The costs associated with this agreement will be funded by 2011 Behavioral Health Realignment and Federal Medicaid funds; therefore, there will be no impact to the County's General Fund.

CONNECTION TO THE COUNTY OF MADERA STRATEGIC PLAN - MISSION 2023:

This contract meets the goal of the Strategic Focus Area of Health by providing narcotic-related and mental health services to Madera County clients.

RECOMMENDED ACTIONS:

Requesting the Chairman to sign a required attestation letter for the Medicare Enrollment Application (CMS-855B) with Centers for Medicare & Medicaid Services for Fiscal Years 2023-2028.

DISCUSSION / FISCAL IMPACT / STRATEGIC FOCUS:

DISCUSSION:

The Madera County Department of Behavioral Health Services (MCDBHS) provides mental health services that are billed to Medicare for payment. Every five years Madera County (County), through MCDBHS, is required to renew their Medicare Enrollment Application to maintain Medicare billing privileges. Failure to renew will result in delays in Medicare reimbursement for services provided to Medicare beneficiaries.

To submit the Medicare Enrollment Application, the Centers for Medicare & Medicaid Services (CMS) requires the County to submit a letter that attests the County will be legally and financially responsible in the event that there is any outstanding debt owed to CMS. This letter must be signed by an appointed or elected official of the County who has the authority to legally and financially bind the County to the laws, regulations, and program instructions of the Medicare program.

DISCUSSION:

On June 6, 2018 your Board approved Resolution No. 2018-079, authorizing the County's participation in the California Mental Health Services Authority (CalMHSA) Inter-Member Transfers Program. On May 10, 2022 your Board approved the Business Associate Agreement MCC No. 12178-22 with CalMHSA in order to protect the privacy and provide for the security of Protected Health Information. This Agreement will allow us to participate in the Inter-Member Transfer Program.

Counties who provide foster children and youth SMHS are reimbursed through federal financial participation (FFP) and county match through Medi-Cal billing. Under Welfare and Institution Code § 14717.1, responsibility for providing or arranging for specialty mental health services shall promptly transfer from the county of original jurisdiction to

the county in which a foster child resides, subject to any exceptions established pursuant to that section. This is known as “presumptive transfer.” Counties have agreed that the county of original jurisdiction (sending county) remains responsible for reimbursing the receiving county for specialty mental health services provided or arranged by the receiving county. Under this program, CalMHSA has been contracted to act as a fiscal agent to perform fund transfers on behalf of counties to allow children and youth in foster care who are placed outside of their county of original jurisdiction to access Specialty Mental Health Services (SMHS) in a timely manner.

The term of this agreement dates to July 1, 2023, primarily due to delayed processes. Given these specific circumstances and the desire to continue participating in CalMHSA, entering into this retroactive agreement is the best option available and the recommendation of the Department.

FISCAL IMPACT:

There will be no impact to the County’s General Fund.

On July 21, 2021, California Attorney General Rob Banta announced the final settlement agreements with prescription opioid manufacturer Janssen Pharmaceuticals and pharmaceutical distributors McKesson, Cardinal Health, and AmerisourceBergen (the Janssen and Distributors, or J&D Settlement) that will provide substantial funds for the abatement of the opioid epidemic in California. Funds must be used for activities tied to the ending, reduction or lessening the effects of the opioid epidemic in communities and include prevention, intervention, harm reduction, treatment, and recovery services. No less than fifty percent (50%) of the funds received in each calendar year will be used for High Impact Abatement Activities.

Allowable expenditures include creating new or expanded substance use disorder (SUD) treatment infrastructure, addressing the needs of communities of color and vulnerable populations (including sheltered and unsheltered homeless populations) that are disproportionately impacted by SUD, interventions to prevent drug addiction in vulnerable youth, expand training for first responders, schools, community support groups, and families, and provide comprehensive wrap-around services to individuals with Opioid and Substance Use Disorders.

Madera County is seeking your Board's approval of a resolution to approve the Opioid Settlement Funds Spending Plan for FY 2023-2024.

FISCAL IMPACT:

There will be no impact to the County's General Fund. Opioid Settlement Funds (OSF) will be leveraged to cover the staffing costs.

CONNECTION TO THE COUNTY OF MADERA STRATEGIC PLAN - MISSION 2023:

This contract meets the goal of the Strategic Focus Area of Health by expanding opioid related services to Madera County residents.
