An address may only be issued to a primary structure, such as a single family dwelling or primary business building. Accessory structures and vacant parcels will not be issued an address. If a property currently has a primary structure with no address, please provide confirmation, such as an assessment report, that a structure currently and has existed on the property. If it can be proved that the structure was built prior to 1965, an address can be issued due to the fact that building permits were not required. If the structure was built after 1965, a building permit will need to be obtained through the Engineering Division and an address will be issued through the permit process. Please contact our office at (559) 675-7821 with any questions.

**PLEASE SHOW THE ENTIRE PARCEL WITH THE LOCATION OF THE STRUCTURE,
DISTANCE OF STRUCTURE FROM ALL PROPERTY LINES, AND ADJACENT ROADWAYS.**
