PREDATORY ANIMAL CONTROL

COMMENTS

This budget funds the costs to control predatory animals by providing animal damage management on properties within the County of Madera. The Program is performed under contract by the Animal Damage Control Section of the United States Department of Agriculture, and funds the salary and mileage of Trapper services for the County.

In 2002-03, the State reduced their share of cost for the program Statewide. The reduction in State participation affected the number of service hours available to the County. From 2003-04 through 2006-07, due to funding considerations, the Board of Supervisors funded the program based on six months of service. Since 2007-08, the Board of Supervisors has directed that funding be appropriated to provide full-time Trapper services for the County, based on increased incidents in the foothill and mountain areas involving bears, mountain lions and the increasing population of coyotes and feral pigs.

The proposed 2012-13 budget is once again recommended to be funded so as to provide full-time Trapper services. State Wildlife Services has notified counties that there will not be an increase for fiscal year 2012-13 for full-time trapper services. Any reduction is a Board policy decision.
