#### DEPARTMENT OF CORRECTIONS

## **COMMENTS**

The Department of Corrections operates the County Jail and provides custody of persons awaiting trial under sentence from the Superior Court; awaiting transfer to another jurisdiction, State prison or institution; or sentencing to both local and State time in the County facility. In FY 2010-11, the Department's Average Daily Population (ADP) was 366. In October of 2011, Assembly Bill 109 went into effect. The ADP for FY 2011-12 went up to 395. For FY 2012-13, the ADP went up to 440 and the ADP for FY 2013-14 went up to 482. In November 2014, Proposition 47 went into effect, and since then Proposition 57 was enacted in November of 2016. For FY 2014-15, the ADP was 443. The ADP for FY 2015-16 was at 407. The mid-year ADP for 2016-17 sat at 432. Based on the fluctuation of inmate population since the implementation of AB 109 and the unknown impacts of the more recent Proposition 47 and proposition 57, an ADP of 476 for FY 2018-19 is projected. Costs and staffing levels in this budget are reflective of maintaining a high ADP.

In 2010, Madera County received a \$30 Million dollar award through Assembly Bill 900 (Phase I) to construct two housing units consisting of 144-beds, central plant, administration and training facility, and renovation of existing housing units and facility security systems. This project was completed at the end of 2013. In 2012, Madera County received a \$3 Million dollar award through Assembly Bill 900 (Phase II) to construct a Jail kitchen, commissary and maintenance building. This project was started in January 2015 and was completed June 2016. On February 16, 2017, Madera County was approved for a \$19 Million dollar award through Assembly Bill 1022 the Adult Criminal justice Facilities Construction (Phase III).

Assembly Bill 109 legislation and prison realignment continues to impact Jail operations, specifically inmate population management and classification issues. With this, the number of inmate assaults on other inmates and staff has increased as more dangerous and highly sophisticated State inmates are kept in the facility. The Average Length of Stay (ALS) continues to increase as more inmates who would have been sentenced to a State facility are sentenced to time in the County jail. Currently, Madera County has an inmate in custody who has received a ten (10) year local sentence. AB 109 is expected to continue to impact Madera County and other county jails for many years to come. The long-term impacts of Proposition 47 and Proposition 57 are still unknown; however, some relief to inmate population has been seen, and the Department hopes that, through inmate programs and collaborative efforts with other local agencies and services, the recidivism rate can be reduced.

Latex gloves are also utilized for the collection of required DNA swab samples from all felony inmates.

All new Correctional Officers must attend a Basic Core Correctional Officer Academy within their first year of employment. The cost for this training is \$770 per student. This includes registration/tuition, per diem, physical training equipment, clothing, etc. It is anticipated eight (8) new Correctional Officers will attend this training in 2018-19. The majority of training related costs are offset by STC revenues.

Along with the Basic Core Academy, new Correctional Officers must also receive PC 832 training within their first year of employment. **722100** <u>Utilities</u> (\$369,500) is recommended unchanged due to Madera County Department of Corrections PG&E Solar True-Up based on projected gas, electricity, sewer, water and disposal services.

#### **OTHER CHARGES**

- **Support and Care of Persons** (\$5,000) is recommended unchanged. This account provides for the estimated medical care of inmates when the cost for outside services exceeds the \$25,000 per inmate, per incident limit; the cost for any necessary housing of inmates in other correctional facilities due to the overcrowding in the Madera facility; protective custody; and medical costs that are not covered by the medical provider contract. Through cooperative efforts between this Department, District Attorney's Office, Probation, and the Courts, the goal is to minimally fund this line item. If a situation arises where it is not possible to resolve and costs exceed the budgeted amount, the Department may have to request additional funding.
- Retire Capital Leases (\$666,737) is recommended unchanged and will fund the necessary leasing of servers and hardware for the new Jail Management System (\$41,737) and the projected annual lease cost of upgrading the heating, ventilation and air conditioning (HVAC) system (\$625,000) at the Jail Central Plant. The cost of the server and hardware lease reflects an increase of \$3,257 from the prior year based on the amortization schedule. This cost will be reimbursed per the Technology Grant through the Securus contract, MCC# 9842-C-2013. The estimated lease cost for the Jail Central Plan HVAC is necessary to accommodate the capacity needed to serve the old section of the jail as the old jail HVAC is beyond repair. The most cost-effective solution would be to increase capacity at the central plant so that both the new and old section of the jail is served by one system.
- **Interest Capital Leases** (\$2,590) is recommended unchanged to fund the necessary interest costs of leased servers and hardware required for our new Jail Management System which is a reduction of \$1,663. This is also per amortization schedule. These costs will be reimbursed per the Technology Grant through the Securus contract, MCC# 9842-C-2013.
- **Contributions to Other Agencies** (\$39,466) is recommended unchanged for contributions made to the Jail Chaplaincy Program. This funding is provided from the (IWF) Inmate Welfare Fund.

**Note:** All services and supplies budget appropriations are based on a projected ADP of 476 inmates for Fiscal Year 2018-19. Contract rates are based on escalation clauses and agreed to capital increases.
